TRANSFORMERS TRANSFORMERS PERMENS"

INSTRUCTION BOOKLET

START ATTACK ROBOT

INSTRUCTION BOOKLET

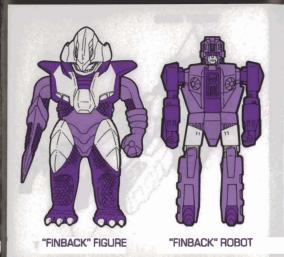

FINBACK _

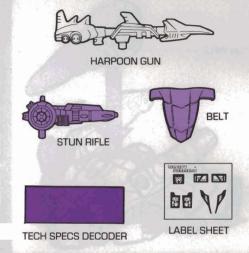

To transform Finback from robot to hovercraft, follow these step-by-step instructions.

Includes "Finback" figure, "Finback" robot, stun rifle, harpoon gun, belt, Tech Specs decoder, and label sheet.

NOTE: Adult supervision may be necessary for younger children. Excessive force is not necessary.

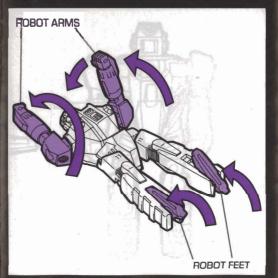

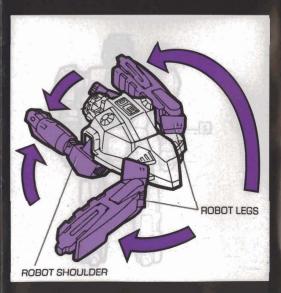

STEP 1

Swing robot arms straight up. Flip up robot feet.

STEP 2

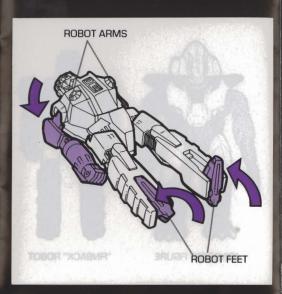

STEP 3

Turn robot over. Insert post on stun rifle into hole in center of hovercraft. To transform back, reverse the order of the instructions.

START FIGURE

To fit Finback inside action figure, transform Finback to robot mode. Swing robots arms behind back. Flip up robot feet.

STEP 1

Separate halves of figure. Fit robot into groove in rear half of figure. Snap together front and rear of figure. Fit belt around figure's waist. Remember, the figure can be used to "hide" the robot, or it can be used as a separate action figure!

STEP 2

To transform Finback figure to attack mode, swing up arms. Insert post on stun rifle into hole in figure's fist. Insert post on harpoon gun into hole in figure's other fist.

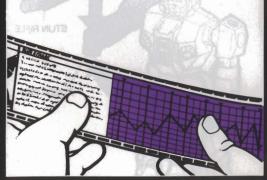

COLLECT AND SAVE!

Clip and save the ROBOT POINTS printed on Hasbro Transformers packages. Then send them in for special Transformers offers!

STUDY YOUR TRANSFORMERS TECH SPECS!

Each Transformer has different levels of strength, speed, skill, etc. Clip the bio card and Tech Specs from the package. Use the special red decoder enclosed to decipher the specs—just lay it over the graph!

FINISH

Peel and apply labels as shown.
