## BATTLE TIPS:

**Collect.** Each type of top (attack, defense, stamina, balance) performs differently, so it's good to have different types. That way, you are ready to battle any top.

**Customize.** Customizing your tops will make them perform differently. Experiment and see how to enhance their performance by switching parts.
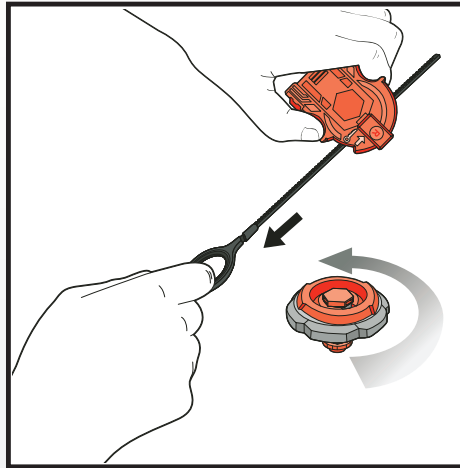

• What kind of top does your opponent have, and what will be the best way to defeat it? Do you need an attack top or one with stamina? Is a defense top your best option, or a top with balance?

• What kind of stadium are you using? Familiarize yourself with the different types of stadiums, so you will know which kind of top will work best in it.

• Learn more at www.BeyBladeBattles.com! †

**Compete.** Figure out what type of top you're battling so you can choose the best top and strategy to win.

## TRIPLE SHOT BATTLES:

**You and your opponent battle 3 Beyblade tops!**
• Assemble your tops.
• Decide the order in which you'll battle them.
• Complete 3 battles.
• The player who wins 2 out of 3 battles is the winner.
