

SETUP

1

Insert the backs of the 4 pads into the slots of the 4 draw stations.

2

Slide one coin tracker clip onto each draw station, and then fold as shown below. Give one to each player.

3

Place the card box and crayons within everyone's reach.

HOW YOU PLAY

Decide who goes first. On your turn:

- Pick a card.
- Select a word on the card.
- Flip over the card and insert it into your draw station so everyone can see. The letters that spell the answer are in there somewhere!

- Draw your chosen word. Everyone shouts guesses until one player guesses correctly.

HOW TO SCORE

You and the guesser earn the amount of coins the word was worth. Move your coin tracker up that number of coins. Now the player on your left gets to draw.

HOW YOU WIN

First player to reach 15 coins wins.

ETIQUETTE

You only get one page per word. If no one guesses correctly, move on to next player.

Try not to write or say any word clues - Just use drawings and symbols.

If 2 people shout out the right answer at the same exact time, they both get the coins!
