Decorating

Get ready! You'll need your
Microwave & Style™ kit (sold separately)
Tape down wax paper or use a nonstick

STEP 1: Make your cakes and cookies. (Mixes sold separately.)

STEP 2: Make your fondant.

1. Pour 1 fondant mix and 1  spoonful of water into a bowl. **DO NOT ADD EXTRA WATER.**

Mix well. Use a rubber spatula to press mixture against sides of bowl. It will take a little while before you start to form a dough.

2. Use your hands to press the fondant together in the bowl.

FONDANT TIPS: If your fondant looks more like frosting than dough, add some powdered sugar or flour. You can also put some on your hands to prevent sticking. If your fondant is crumbly, wet your fingertips with water and press into the mixture with your hands.

3. Roll the fondant in your hands until you form a smooth ball.

STEP 3: Decorate your cakes and cookies.

Use decorating tools from your EASY-BAKE kit to mold, shape and stamp fondant!

STEP 4: Attach decorations with frosting! (Mix sold separately.)
