

OVEN BASICS FOR THE EASY-BAKE® OVEN OR A REAL MEAL™ OVEN:

1. ALWAYS preheat the oven for 15 minutes before using.
2. ALWAYS use the pan pusher to insert the pan into the oven. NEVER use your hands to push in or remove the pan. NEVER leave the pan tool in the oven.
3. Once the pan is inside the oven, check both sides to be sure that both metal doors are closed. The food you are baking may not cook properly if the doors are not fully closed.
4. When the food is done baking, use the smaller end of the pan pusher to push the pan through the oven into the cooling chamber. Be careful. PAN IS HOT!
5. ALWAYS allow the pan to cool in the cooling chamber for the time specified in the recipe.
6. When the cooling time is complete, use the larger end of the pan pusher to remove the pan from the cooling chamber.
7. ALWAYS unplug the oven when finished baking. ALWAYS wait for the oven to cool before wiping it down.

BAKER'S TIP

- For the neatest slices, start using the cutter in the middle of the pizza instead of at the edge.
- Personalize your pizzas with additional sweet toppings from home!
- Don't have a whisk? Use a fork instead.

4. **SHAPE THE CRUST.** Roll one piece of dough between your hands and the counter until you form a ball. Press the ball evenly into the pizza pan.
5. **BAKE THE CRUST.** Use the pan pusher to move the pizza shell into the oven. Bake for 11 minutes. After baking, use the pan pusher to move the pizza shell into the cooling chamber. Let it cool for 10 minutes. Now, bake the other pizza shells, using a clean pan each time.

TOP & SERVE

1. **MIX THE FROSTING.** Pour two red frosting mixes and 1 teaspoon of water into a bowl. Stir until smooth. If the frosting is too thick, add an extra drop or two of water.
2. **MIX THE TOPPING.** In another bowl, pour the whipped topping mix and 2 tablespoons of water. Whip with a small whisk until smooth.
3. **PREPARE AN ICING BAG.** Spoon the topping into a small plastic sandwich bag. Make a small snip in corner of the bag.
4. **FROST THE PIZZA.** Spread the red frosting over the bottom of the three pizza shells. Leave the edges unfrosted, so they look like pizza crust.
5. **LAYER THE TOPPINGS.** Squeeze the whipped topping from the bag to make cheese-like squiggles. Now, top the pizza with the fudge chips.
6. **SERVE.** Use the pizza cutter to serve up individual slices. You can also use the boxes to deliver whole pizzas to your friends and family.
