

Guess Who!

AGES 6+ | For 2 Players
ADULT ASSEMBLY REQUIRED

Rev up for a high-octane guessing game with the **CARS 2** crew!
Ask **YES** or **NO** questions to steer yourself in the right direction, then hit the gas and make your guess.
Guess the Mystery **CARS 2** Character before your opponent, and you win!

Contents

2 game trays • 2 character sheets • 4 character selectors
• 2 scoring sliders

Assembly

1. Carefully remove the game pieces from the plastic frame. If needed, use an emery board or sandpaper to remove the excess plastic from the game pieces. Discard the frame after removing all of the game pieces.

2. Flip the game trays over so the fronts are showing, and snap the scoring sliders into place.

3. Snap the character selectors onto the top and bottom tracks of the large windows. Each game tray will have two character selectors.

4. Flip the game trays over so the backs are showing. Press a character sheet facedown into the back of each game tray.

Setup

5. Choose a Mystery Character from one of the top two rows and slide the character selector over that character. The other character selector should be on a gray dot.

6. Open all of the doors on your game tray so you can see the characters. Hold your game tray steady so the doors don't accidentally shut.

Object

Guess your opponent's Mystery Character before they guess yours!

Playing the Game

The younger player goes first. Players alternate turns by asking a YES or NO question. Depending on the answer, you will close the door(s) to any character(s) you know are NOT your opponent's Mystery Character. **For example:** You ask, "Is your Mystery Character red?" Your opponent answers, "No." Close all the doors to characters who are red. You are now closer to figuring out the Mystery Character. Now it's your opponent's turn to ask a yes or no question.

Winning

Once you think that you know your opponent's Mystery Character, wait until your next turn and make your guess instead of asking a question. If you guess correctly, you win! If you guess wrong, your opponent wins.

Championship Play

For tournament style play, slide the scoring slider up one for every game you win. The first player to win five games is the champion!

Challenge Game

For an extra challenge, both players choose two characters – one from the first row and one from the second row. Your object is to guess both of your opponent's Mystery Characters. You'll have to say "both" or "either" when asking questions about the two Mystery Characters. For example, you could ask, "Do both of your characters have more than one color paint?" or "Is either character a truck?" Be very careful when eliminating characters! For example: You ask, "Are either of your characters yellow?" and your opponent answers, "Yes." You cannot close any doors, because even though one Mystery Character may be yellow, the other may not. To win the Challenge Game, you must guess both of the Mystery Characters correctly on the same turn.
