

# Jenga®

Edge-of-Your-Seat Fun!

**AGES 6+**  
1 OR MORE PLAYERS

## CONTENTS

- 54 Wood blocks
- Stacking sleeve to assemble tower

## OBJECT

Remove one block at time from the tower, and then stack it on top. The last player to stack a block without making the tower fall wins the game!

## SETUP

- Empty the blocks onto a flat surface.
- Assemble this stacking sleeve by inserting the tab into the slot to form the bottom.
- One person uses this stacking sleeve to build up the tower by placing layers of three wooden blocks at right angles to each other. When you finish, you'll have a solid, 18-story tower that can more than double during play!
- Carefully stand this sleeve upright, then remove it so the tower stands by itself.

## GAMEPLAY

The player who built the tower goes first. Play passes to the left.

### On Your Turn

Carefully remove a block from anywhere **BELOW** the highest completed story. Use only one hand! Then stack the block on top of the tower at right angles to the blocks just below it.

### Removing and Stacking Blocks

- Remove and stack one block per turn. Remember – use only one hand (you can switch hands whenever you wish!)
- As play proceeds and the weight of the tower shifts, some blocks become looser than others and are easier to remove. You can touch other blocks to find a loose one – but if you move a block out of place, you must fix it (using one hand only) before touching another block.

- While stacking, always complete a 3-block story before starting a higher one.
- Your turn ends 10 seconds after you stack your block – or as soon as the player to your left touches one.
- Keep removing and stacking blocks until someone topples the tower. A real pro can build a tower 36 stories high or more!

## WINNING

If you're the last player to stack a block without toppling the tower, you win! The player who makes the tower fall gets to set up the tower for the next game.

## GAME VARIATION – SOLO PLAY

Play alone for practice! Can you top your record height before the tower falls?

- Carefully remove one block from any level. Use a steady hand to stack it on top.
- Continue to remove and stack blocks to build the tower taller ...and shakier.
- How tall is too tall? Find out when the tower falls!

We will be happy to hear your questions or comments about this game. US consumers please write to: Hasbro Games, Consumer Affairs Department, P.O. Box 200, Pawtucket, RI 02862 or call 1-888-836-7025 (toll-free). Canadian consumers please write to: Hasbro Canada Corporation, 2350 de la Province, Longueuil, QC, Canada J4G 1G2.
