FIGURE 1

OBJECT

These little pets are on an adventure to win the blue ribbon at the *Pet Show*. On the list of must-dos before the competition are a “clean health” certificate from the *Get Better Center*, a shampoo at the *Purr-Fection Salon* and a bow from the *Biggest Littlest Pet Shop*. But they don't have all day. The first pet to collect its 3 items and get to the *Pet Show* wins the blue ribbon.

ASSEMBLY

1. Remove the *Littlest Pet Shop* Pawns from the plastic blister. Discard any elastic ties but be sure to keep the blister for storage.
2. Carefully detach the 13 tokens and spinner card from the cardboard parts sheet. Discard the cardboard waste.
3. Remove the spinner arrow and base from the plastic runner. Discard the plastic waste.
4. Assemble the spinner following the illustration in Figure 1.

SETUP

Figure 2 shows the game set up and ready for four players. Refer to it as you set up your own game.

1. Choose a pet and place it near the Start space in the center of the gameboard. Each player does the same. Place any extra pets back in the box out of play.
2. Separate the tokens according to color. Then place them in piles by the gameboard near their matching color location. Place the dark purple health certificate tokens by the *Get Better Center*, place the light purple shampoo

LOCATIONS

tokens by the *Purr-Fection Salon*, place the teal bow tokens by the *Biggest Littlest Pet Shop* and place the blue ribbon token by the *Pet Show*.

3. Place the spinner near the gameboard within reach.

PLAYTIME!

The youngest player goes first. Play then passes to the left.

On your turn, do the following steps:

1. Spin and Move
2. Check the Space That You Land On

Step 1. Spin and Move:

Spin the spinner and move your pet in the direction indicated by the arrows. See Figure 3.

- You must move the full number of spaces spun.

Pets can share the same spaces.

FIGURE 3

Step 2. Check the Space That You Land On:

- If you land on a colored token space, you take a token from the pile near the gameboard that matches the color of the space you're on and place it in front of you. If you already have a token that matches the space you're on, your turn is over. Do not collect a second token.

If you land on an arrow, do nothing.

- If you land on a Monkey space, it's time for some monkey business! Take 1 token from any other player and place it in front of you. You cannot collect more than 1 token for any 1 location, so if no one has a token that you need, your turn is over.

- If you land on a flower space, go to any space on the board.

- If you get to the Flower space that leads to the *Pet Show* but you have not collected all 3 required tokens, you must continue on the regular path. If you have collected all 3 required tokens see *On To The Pet Show*, below.

ON TO THE PET SHOW

Once you've collected all 3 required tokens, it's time to head to the *Pet Show* space. **IMPORTANT:** If you are on your way to the *Pet Show* and another player takes your token(s), you **MUST** turn around and work your way back around the gameboard to collect the one(s) you need. You can move back on toward the *Pet Show* when you've collected all 3 tokens again.

WINNING THE GAME

The first player to collect the 3 required tokens and reach the *Pet Show* space wins the blue ribbon! You do not have to reach the *Pet Show* space by exact count.

STORAGE

Return the pets to the blister. Then place all contents back in the box and close the lid for easy storage.
