With right arm.

**○** **COMING  
FALL 2013**  
With head.

**○** **COMING  
FALL 2013**  
With left arm.

**NOTABLE TECH:**

The power of Osborne's star-shaped Unibeam could not match Tony Stark's circular and geometric designs.

## IRON PATRIOT

Engineered by Norman Osborne from stolen Stark technology, the IRON PATRIOT armor was painted with the colors of CAPTAIN AMERICA™, creating a false icon to rally the people behind Osborne's sinister team of Dark Avengers.

Some poses may require additional support.  
Product and colors may vary.
