

HELP ROLY'S TUMMY ACHE WITHOUT MAKING HIM SQUEAL!

MY FIRST OPERATION

Roly the pig's eyes are bigger than his tummy! He's full of food and needs an operation. Can you help make him feel better by taking the food out of his tummy?

OINK!

GRUNT!

OBJECT OF THE GAME

To complete three successful operations.

CONTENTS

Roly the pig on his bed, tweezers (attached to bed), 5 food shapes, 15 food cards.

THE FIRST TIME YOU PLAY

1. Remove the food cards from the grid. Safely discard the grid.
2. Ask a grown-up to insert the batteries. See side panel for battery information.

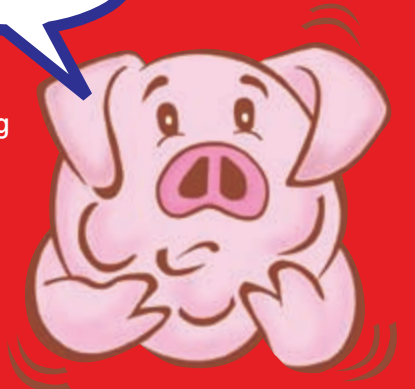

SET UP

1. Place the food shapes into their matching-shaped cavities in Roly's tummy.
2. Shuffle the cards and place them, with the operation charts facing out, in the holder at the end of Roly's bed.

PLAYING THE GAME

1. Take turns pretending to be a pig. Ask a grown-up to judge whose impression is best. The player with the best impression starts. Play continues clockwise.

2. On your turn, take a food card.
3. Remove the card's matching food shape by pushing the tweezers into the middle of the food shape. Try not to touch the tweezers or food shape against Roly's sides or his snout will light up and he'll squeal!
4. If this happens then his tummy still aches. Put the food shape back and let the next player try to remove it.
5. Carry on until a player successfully removes the food shape. That player keeps the card in front of them and returns the food shape back in Roly's tummy.

THE WINNER

The first player to get three food cards is the winner.

VARIATION

For a longer game, keep playing until there are no more food cards left. The player with the most cards wins!
