

CLEAN-UP

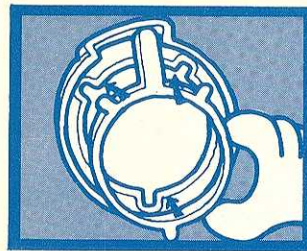

Remove all leftover Play-Doh® Modeling Compound from the piston & hole. You can pick up pieces very easily with a ball of Play-Doh® Modeling Compound. Press the lids firmly on the cans of Play-Doh® Modeling Compound.

Store the patterns in the base of your Rainbow Rings™ toy.

If clear window comes off reassemble as shown.

If clear window comes apart, reassemble as shown.

WE REALLY DO CARE

We make each toy with lots of tender loving care...so, if something seems to be wrong, please read the instructions again carefully. If any part is missing or broken when you receive your toy, we will, as a service to you, replace it free of charge. Please identify the name of any missing part (or parts) by using the instruction sheet description. Simply fill out the form provided and send it along with the broken part to:

T.M.

GET READY

Apply labels to base as shown.

Knead small balls of Play-Doh® Modeling Compound until it is soft and pliable. Roll into balls about the size of a dime.

Color Mixing
Make additional colors by following this guide.

RED+BLUE=PURPLE

BLUE+YELLOW=GREEN

YELLOW+RED=ORANGE

RED+WHITE=PINK

Part No. 1130-018-00

MAKE COLORFUL DESIGNS

1

Unlock and open the clear window.

2

Choose a pattern and place it ridge up into the recess in the lever.

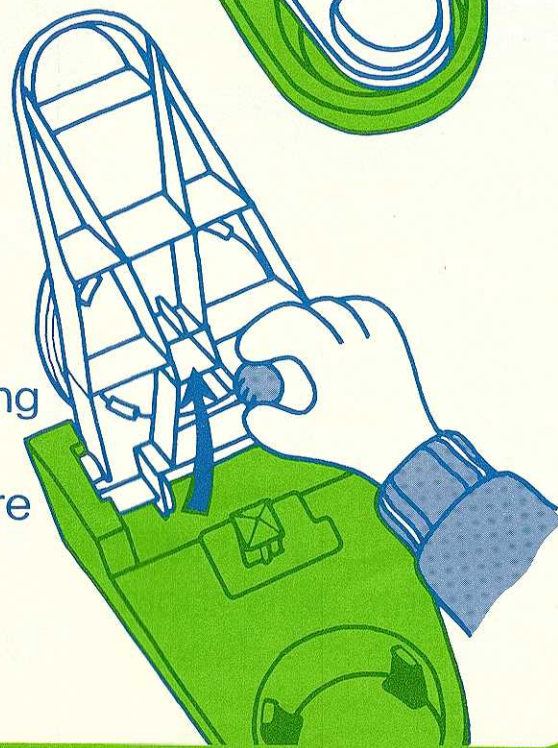

3

Close and lock the clear window.

4

Lift the lever and place one of the softened balls of Play-Doh® Modeling Compound into the square chamber.

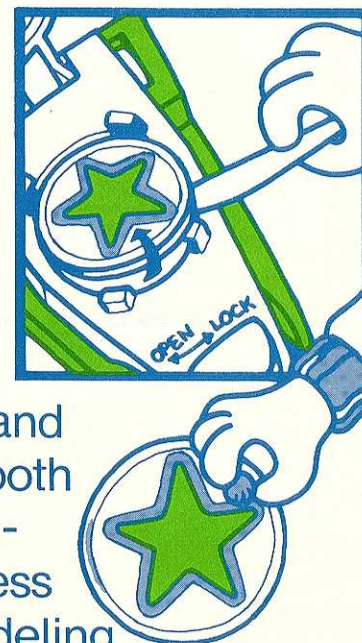

5

Press the lever over the piston and watch the Play-Doh® Modeling Compound appear in the window. Stop pressing the lever when pattern is full.

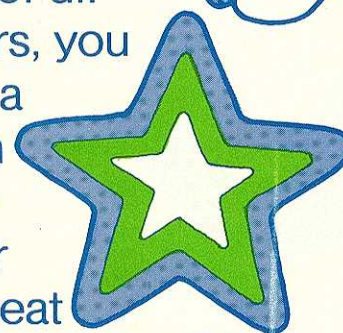

7

Open the window. Lift the pattern and design from the unit. Place pattern and design on smooth surface and remove the excess Play-Doh® Modeling Compound from the edges of your design with another ball of Play-Doh® Modeling Compound.

6

If you use very small balls of different colors, you can create a design with several different color bands. Repeat the squeezing with different colors until the pattern is full.

8

Separate the pattern and design, you now have a finished piece. Use your creation as a pendant, ornament, jewelry or anything else you can imagine. If you want to keep your design, allow it to dry.
