

Smashed Potatoes Game

For 2 to 4 Players - AGES 5+
ADULT ASSEMBLY REQUIRED

Object

Help your potato escape to the farm before it gets smashed in the Mash Machine!

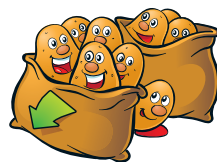

Contents

- Gameboard • 4 Cans of PLAY-DOH® compound
- Spinner (with plastic arrow and arrow base) • 2 Potato Molds
- 2 Gameboard Pegs • 8 Mash Machine Parts

Assembly

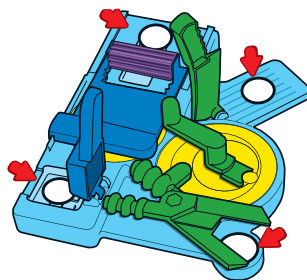

See reverse for complete assembly instructions.

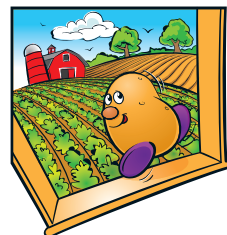

Start: All potatoes begin the race here!

Plates: Wait here until your next turn. If there's a potato already on the plate, move that potato to the next empty Mash Machine space on the path!

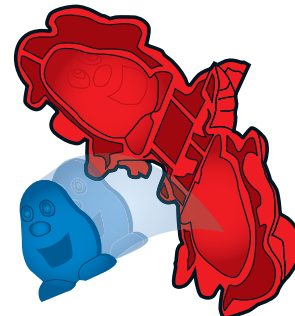

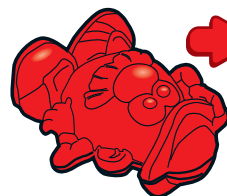

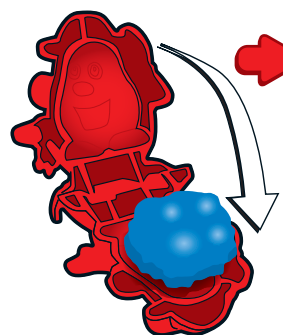

Mash Machine (scissor slicer, crinkle chipper, french fryer, chip chopper): Wait here until your next turn. If there's a potato already on your Mash Machine space, move to the next empty Mash Machine space on the path.

Finish: The first potato to reach this space wins! You don't have to get there by exact count.

Mold Your Potatoes!

Pick a color of PLAY-DOH compound. Then mold your potato as shown.

Let's Play!

Place your potato on the start space. The youngest player goes first. **On your turn:** Spin and follow the directions below. Your turn is then over.

Move ahead that number of spaces.

Move one space ahead of the leader. If you're the leader, move ahead one.

Smash all the potatoes in the Mash Machine! If the Mash Machine spaces are empty, put one player's potato on any Mash Machine space and then crank, chop or turn them into fries! You can also choose not to smash anyone on your turn.

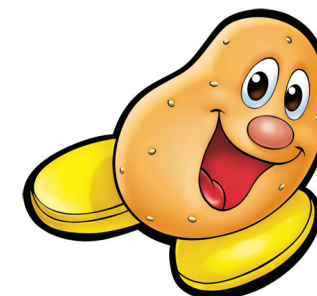

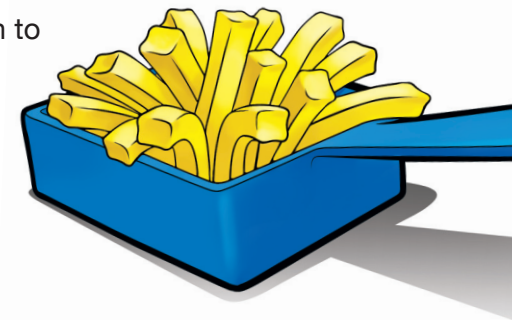

Did You Get Smashed?

Mold a new potato and return to the start space.

Did You Win?

The winner is the first player to reach the finish space in one potato piece!

Storing Your Game

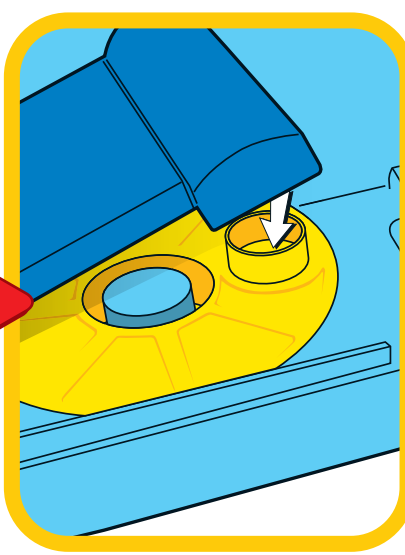

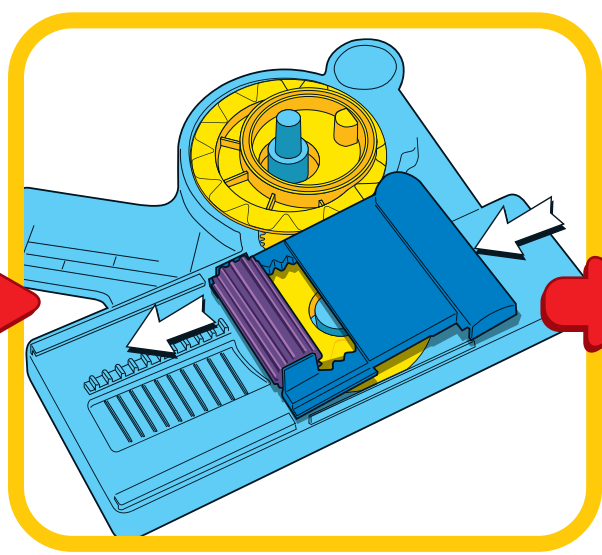

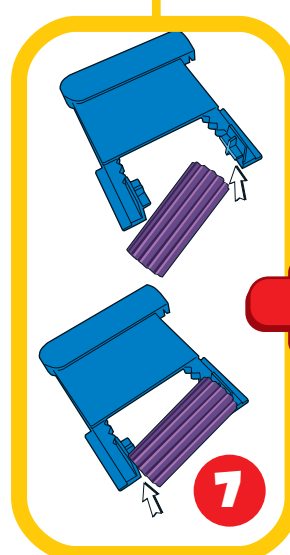

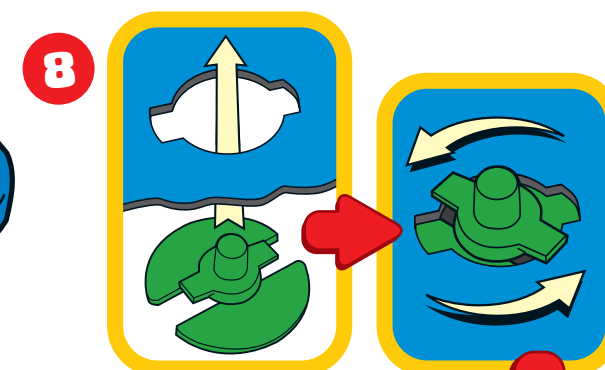

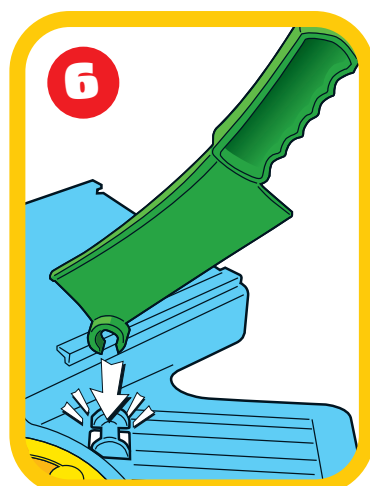

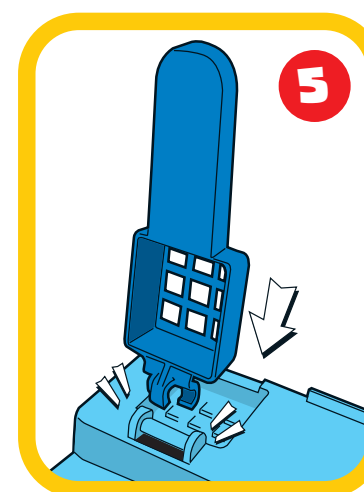

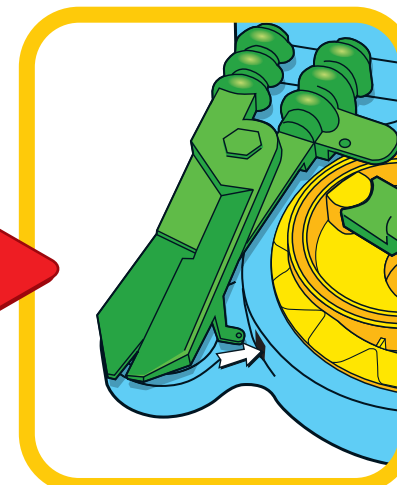

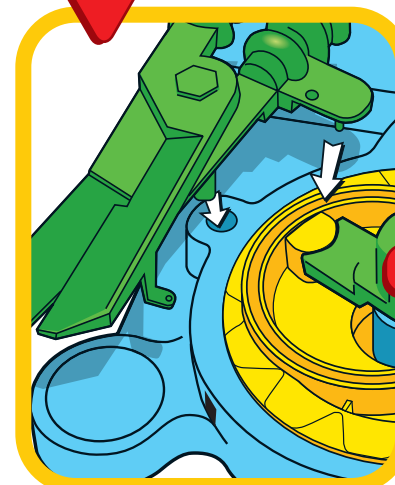

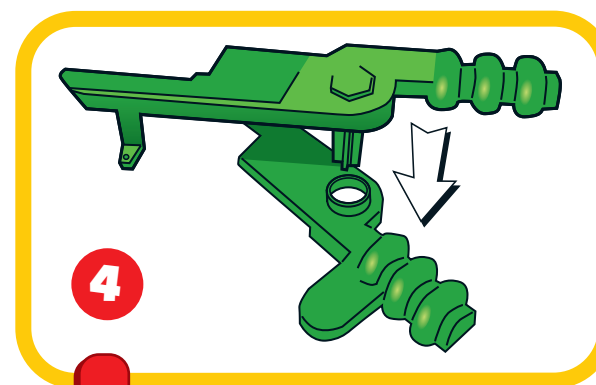

Remove the crank before placing the Mash Machine back into the box. The rest of the contents should then easily fit into the box.

Assembly

Carefully remove the game pieces from the plastic frame. If needed use an emery board or sandpaper to remove the excess plastic from the game pieces. Discard the frame after removing all of the game pieces.

Armado

Retira con cuidado las piezas del juego de la guía plástica. Si es necesario, utiliza una lima de uñas o papel de lija para eliminar cualquier exceso de plástico en las piezas del juego. Desecha la guía tras retirar todas las piezas.
