DOOR SIDE COTTAGE COVER:

1. Assemble pink frame as shown on page 2.
2. Remove the Cottage cover from the bag marked "Door."
3. Completely unzip the 2 zippers at the rear wall and door frame. Separate door frame zipper into 2 halves. Detach the fabric fastener around the window.
4. Lay the Cottage cover out with the printed side down. Pull the exterior rear wall away from the rest of the cover until it is flat on the floor.
5. Set the frame on the cover as shown, so that the two red connector pieces on the open side sit on top of the red seams. **Bottom sides of frame should overlap about 2 inches of the red seams.**
6. Lifting from the peak of the roof, bring the main part of the cover up onto the peak of the frame.

Note: Place frame exactly as shown.

10. Pull the cover all the way on, so that the frame is tucked inside the zipper pocket.
11. Starting with the two straps nearest the peak of the roof, attach fabric tabs around frame tubes.
