

## SOCIAL PLAY

**Hey Grown-ups!**  
If your child is ready to try playing with others, this playbook is a great tool to teach them how to incorporate basic social and imaginative play into this activity.

**Keep in mind:**  
Since you know your child best, it is up to you to pick which products and resources are most appropriate for his or her level of ability. Make sure you supervise the play as needed, and don't modify the products.

Looking for more guidance for your child's play level? Please visit [theautismproject.org](http://theautismproject.org) for more information.

# TOOLS

in collaboration with  
**THE AUTISM PROJECT**

Please print the Level 2 HEATWAVE THE FIRE-BOT  
playmat for this activity.

**The adventures of HEATWAVE THE FIRE-BOT  
and BLADES THE FLIGHT-BOT.**

**HEATWAVE THE FIRE-BOT and BLADES THE FLIGHT-BOT are at the RESCUE BOTS station when they hear the fire alarm. You can play pretend and say:**

**I hear the alarm. There must be a fire!**

**My radio says there's a campfire out of control! Hurry, hurry - let's go before the forest burns and people get hurt!**

**RESCUE  
BOTS,  
change to  
vehicle  
mode!**

**RESCUE  
BOTS!  
Roll to the  
rescue!**

I can get a good look from the sky. I see a lot of smoke!

This lake has plenty of water to put the fire out!

**I also see  
a lot of  
people!**

**We have to  
save those  
people!**

**HEATWAVE  
THE FIRE-BOT,  
come closer to  
shore and use the  
lake to put out  
the fire!**

**I need to  
be careful of the  
rocks. This is as  
close as I can get.  
Tell me when  
to stop!**

**How much longer? I am getting too close to the rocks!**

**Keep going - the fire is almost out!**

**The fire is out,  
HEATWAVE  
THE FIRE-BOT.  
We did it!**

**I knew that  
if we worked  
together, we could  
fight this fire!  
RESCUE BOTS  
saved the day!**
