## Basic Operation

1. To turn on the Shift Tech™ unit, press the Start Button.  
2. To turn it off, press and hold the Start Button for 2 seconds.  
3. To pause your game, press the Start Button. Press again to continue.  

### Volume Control

1. Press the Start Button to pause while in the Game Map.  
2. Press B to enter the Volume Control screen.  
3. Adjust volume by pressing Right or Left on the Directional Pad.  
4. Press A to confirm the volume setting and return to the Game Map.  

## Finding the Games

1. Use the Directional Pad to drive OPTIMUS PRIME® around the Game Map.  
2. Find a Game Icon (See Game Map Icons Pg 8) and drive over it.  
3. With OPTIMUS PRIME® on top of the Game Icon, press A to select the game.  
4. When you finish a Game (win or lose), you will return to the Game Map.  
5. A game you have won is represented by the Completed Icon on the Game Map.  

## Quick Start Guide

Get started on your adventure right away! Use this quick start guide, and keep this instructions booklet to refer to it if you get stuck.

1. Drive around the Game Map using the Directional Pad, looking for game icons (See Game Map Icons Pg 8).  
2. Drive over the game icon, and press A to enter the game.  
3. In the games, use the Directional Pad to control your character; the A & B buttons to attack or activate actions, and the Conversion Handles to convert from Vehicle to Robot Mode and back. Not all games will use all of the controls.  
4. When you finish a Game (win or lose), you will return to the Game Map. Select the same game again, or find a different one to play!  
5. The more you beat, the more games and Boss Battles you unlock in the Game Map!  

**Note:** Try different button combinations in the games below to discover powerful special attacks!

CAUTION

1. As with all small batteries, the batteries used with this toy should be kept away from small children who still put things in their mouths. If they are swallowed, promptly see a doctor and have the doctor phone (202) 625-3333 collect.

2. Make sure the batteries are inserted correctly and always follow the toy and battery manufacturer’s instructions.

3. Do not mix old and new batteries, alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries.

IMPORTANT: BATTERY INFORMATION

Please retain this information for future reference. Batteries should be replaced by an adult.

CAUTION:

1. Always follow the instructions carefully. Use only batteries specified and be sure to insert them correctly by matching the + and – polarity markings.

2. Do not mix old batteries and new batteries, or standard (carbon-zinc) with alkaline batteries.

3. Remove exhausted or dead batteries from the product.

4. Remove batteries if product is not to be played with for a long time.

5. Do not short-circuit the supply terminals.

6. Should this product cause, or be affected by, local electrical interference, move it away from other electrical equipment. Reset (switching off and back on again or removing and reinserting batteries) if necessary.

7. RECHARGEABLE BATTERIES: Do not mix those with any other types of battery. Always remove from the product before recharging. Recharge batteries under adult supervision. DO NOT RECHARGE OTHER TYPES OF BATTERIES.

8. As with all small items, these batteries should be kept away from children. If swallowed, seek medical attention immediately.

FCC STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy, and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.
