OPTIMUS PRIME TRACTOR TRAILER

Welcome to the World of The TRANSFORMERS...A World of Heroic AUTOBOTS® and Evil DECEPTONS® robots!

To change trailer truck into robot, follow these step-by-step instructions. Separate tractor from trailer. Rotate rear wheels (legs) straight down. Bend feet up.

Turn fenders (arms) out to the sides.

Rotate arms forward. Arms swivel at shoulders and elbows.

Rotate roof panel up to reveal robot's head. Press into place. Attach fists to ends of arms with fingers facing inward. Fit laser blaster into hole in fist.

From underneath the trailer, swing stabilizer legs out. Drop the tailgate down.

Pull the sides of trailer apart and drop down.

Pull mechanic/artillery robot up. Swing radar dish and robotic claw into position. Fit rockets into holes in front of robot assembly. You can swivel robot in all directions.

To assemble Roller scout car, attach wheels (with large holes facing away from car) onto the posts on car chassis. Fit one end of the hose into nozzle, fit the other end of hose into gas pump. Fit post on gas pump into hole in car.

To launch roller - Slide launcher back until it locks into place. Fit two rear posts on car into holes in launcher until car locks into place. Press lever to launch.

Note: Press button to launch rockets.

Apply labels as shown.
