NOTE: Some parts are made to detach if excessive force is applied and are designed to be reattached if separation occurs. Adult supervision may be necessary for younger children.

CHANGING TO ROBOT

Reverse order of instructions to convert back into vehicle.
**TO REPLACE BATTERIES:**

Follow Steps 1-4. Use a Phillips/cross head screwdriver (not included) to loosen screws in battery compartment doors (screws remain attached to doors). Remove doors and discard old batteries. Insert 2 x 1.5v “AAA” or R03 size batteries. Alkaline batteries recommended. Replace doors and tighten screws. See diagram for polarity.

---

**FCC STATEMENT**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: • Reorient or relocate the receiving antenna. • Increase the separation between the equipment and receiver. • Consult the dealer or an experienced radio/TV technician for help.

**CAUTION:**

1. As with all small batteries, the batteries used with this toy should be kept away from small children who still put things in their mouths. If they are swallowed, promptly see a doctor and have the doctor phone (202) 625-3333 collect. In other countries, have the doctor call your local poison control center.
2. Make sure the batteries are inserted correctly and always follow the toy and battery manufacturer’s instructions.
3. Do not mix old and new batteries, alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries.

**IMPORTANT: BATTERY INFORMATION**

Please retain this information for future reference. Batteries should be replaced by an adult.

---

**TO LAUNCH MISSILE:**

1. Rotate launcher as shown.
2. Insert missile into launcher.
3. Press button to launch missile.
